

THE ROLLCAST

THE eNews LETTER of CAPE COD TU CHAPTER 460

October 2016

October Meeting
Wednesday October 12th
Liberty Hall, Marstons Mills 6:00pm

Tim Flagler

“Fall Fly Fishing in the Northeast”

Tim Flagler is a terrific videographer and owner of Tightline Video Productions.

During the presentation, Tim will discuss and illustrate, with high resolution video footage, what trout are doing during the fall months, what food sources are available to them and what types of flies we can tie in order to imitate those food sources. Trout know that winter's coming and that they need to bulk up in order to get through it. As a result, they tend to lose some of that “shyness” they developed during the late spring and summer, making it a great time for us to be out on the water.

Questions at any time during the presentation are absolutely welcome and encouraged.

Also:

Fly Tying Class with Tim Flagler

4:00pm to 6:00pm October 12th before the meeting

Cost is: \$25.00

Presidents Message

Fall is suddenly in the air around Cape Cod as our sunny and very dry summer has come to pass. Some of the best fishing of the year is taking place right now as we move into the cooler weather. Fall stocking of the local trout ponds will be taking place over the next two weeks.

We are very excited to have Tim Flagler as our speaker for the October meeting. Tim produces some very high quality well done videos on fly tying and fishing. You will find his work on You Tube at www.youtube.com and search for tightline productions. There you will see some of the many videos that he has produced. He will be showing us some great video during his presentation and answering questions on fall fishing in the Northeast.

There will also be a fly tying class before the meeting from 4:00pm to 6:00pm with Tim. This will be a real good class as Tim is a very knowledgeable instructor and he will be teaching 4 flies so come prepared to tie some very effective fishing flies. The cost of the class is \$25 and that also includes pizza and soft drinks for dinner.

Our September meeting was a cookout on Peters Pond in Sandwich at the Oak Crest Cove. Thanks to all who participated and helped out in making it a good time.

CCTU is looking for people who would like to get more involved in the Chapter. It is that time of year when we are looking for members who would like to become part of the CCTU Executive Board of the Chapter. This could also be in helping with the newsletter, snacks for our meetings, working on planning Chapter activities and speakers and help with organizing the Fly Fishing School. We would really like to see some new people get involved. Please seriously consider helping keeping our Chapter out!!! If you have any questions or are curious about helping out see me or other board members at the next meeting or stop by the upcoming Board meeting next week we would be happy to have you join in!!!

If you have ideas for a program that you would like to see or maybe even have something that you would like to share with the Chapter please let me know. We are always looking for new thoughts and ideas from our members. This is your TU Chapter so let us know what you want!

I hope you are getting to do some fishing and can also attend this month's meeting and look forward to seeing you and hearing some good updates and fishing stories!

Tight lines,

Dan Tobin

FLY FISHING MOVIE

Our Friends at the Cape Cod Flyrodders Club are sponsoring a movie where the world premiere is being shown here on Cape Cod!

Screening of the new Fly Fishing Film ***Providence*** will be taking place at the Cape Cinema at Patriots Square Plaza in Dennis on Saturday October 15th at 4:00pm. You can get tickets to this one time event in advance at **The Powderhorn Outfitters** in Hyannis or at **Black Eel Outfitters** in Dennis.

The link to the trailer to see a preview of this movie is and all the details click below:
